

# Live Well Work Well

April 2024

## Maple Shade Schools

### The Health Benefits of Walking

Walking is often overlooked as a form of exercise; however, it offers several health benefits for the body and mind. This simple yet powerful activity is accessible to people of all ages and fitness levels ([aetna.com](https://www.aetna.com) / [horizonblue.com](https://www.horizonblue.com)), requiring no special equipment, memberships, or training. By boosting physical fitness and enhancing mental well-being, incorporating regular walks into your routine can improve overall health.

The U.S. Department of Health and Human Services recommends moderate-intensity aerobic exercise—such as brisk walking—for 150 to 300 minutes a week.

#### Physical Health Benefits of Walking

Walking is a natural, low-impact form of exercise that can yield notable improvements in physical fitness. Simply putting one foot in front of the other can unlock a myriad of benefits, including:

- Increased cardiovascular health ([aetna.com](https://www.aetna.com) / [horizonblue.com](https://www.horizonblue.com))
- Improved respiratory health
- Strengthened muscles and joints
- Boosted immune function
- Weight management support

- Reduced risk of heart disease, Type 2 diabetes, osteoporosis, and some cancers

#### Mental Health Benefits of Walking

Beyond its physical benefits, walking also holds immense potential for nurturing one's mental and emotional well-being ([aetna.com](https://www.aetna.com) / [horizonblue.com](https://www.horizonblue.com)). Consider these benefits:

- Reduced stress and anxiety
- Improved mood and emotional well-being
- Enhanced cognitive function and reduced risk of cognitive decline and dementia
- Better sleep patterns and quality

#### Get Walking Today

Adding regular walks into your routine can improve both body and mind. Walking for 30 minutes at least five days a week is a great way to improve or maintain your overall health. While brisk walking is safe for most people, it's still important to talk to your doctor ([aetna.com](https://www.aetna.com) / [horizonblue.com](https://www.horizonblue.com)) before starting. Find more wellness info at [mapleshade.org](https://www.mapleshade.org) / For Staff / *Benefits Online*.

#### Medicaid & Chip Annual Notice

If you live in New Jersey, you/your dependents may be eligible for health coverage assistance from Medicaid or CHIP. See the attached notice or visit [dol.gov](https://www.dol.gov) for details.

## Nip Seasonal Allergies in the Bud

The Centers for Disease Control and Prevention reports that one-quarter (25.7%) of adults suffer from seasonal allergies ([aetna.com](https://www.aetna.com) / [horizonblue.com](https://www.horizonblue.com)). Springtime allergies are an annual nuisance for many people as plants bloom and neighbors cut their lawns more frequently. Also, mold growth occurs indoors and outdoors, making it almost impossible to escape allergy triggers. Consider these strategies to alleviate your spring allergy symptoms, such as sneezing, stuffy or runny nose, and watery eyes:

- Keep track of local allergen (e.g., pollen and mold) counts to help you know when to avoid spending excessive time outside.
- Take a shower after spending time outdoors, as pollen can stick to your hair, skin, and clothing.
- Wash your bedding weekly in hot water to help keep pollen under control.
- Clean your floors often with a vacuum that has a HEPA filter.
- Change your air conditioner and heating HEPA filters often.

For many people, avoiding allergens and using over-the-counter medications is enough to ease their allergy symptoms. Talk to your doctor if your symptoms remain bothersome.

### Understanding Pollen Seasons in the United States

Pollen is one of the most common seasonal allergy triggers. According to the Asthma and Allergy Foundation of America, these are plants' pollen seasons:

Trees

February–May

Grasses

April–June

Weeds

July–November

## 2024's Best Diet: The Mediterranean

U.S. News & World Report named the Mediterranean diet the world's best overall diet for the seventh consecutive year, ranking first in 7 of the 11 diet categories. The winning meal plan emulates how people in the Mediterranean region have traditionally eaten, focusing on consuming whole grains and heart-healthy fats. This diet may help support brain function, promote heart health, and regulate blood sugar levels ([aetna.com](https://www.aetna.com) / [horizonblue.com](https://www.horizonblue.com)). Research also suggests that this well-balanced eating pattern can help prevent some chronic diseases and increase longevity.

## Healthy Recipe Mediterranean Chicken Salad

*Makes: 4 servings*

### Ingredients

- 1 cup skinless cooked chicken (diced into ½-inch pieces)
- 15.5 oz. can low-sodium white beans (drained, rinsed with cold water)
- 1 cucumber (peeled, diced into ½-inch pieces)
- ¼ red or white onion (peeled, chopped into ½-inch pieces)
- 2 Tbsp. vegetable oil
- ¼ cup lemon juice
- 1 Tbsp. dried basil or parsley leaves
- ¼ tsp. salt
- ¼ tsp. black pepper

### Preparations

1. Put all ingredients in the bowl and gently toss.
2. Serve it immediately, or cover and refrigerate for up to two days.

## Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call **1-866-444-EBSA (3272)**.

**If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2024. Contact your State for more information on eligibility –**

### Paperwork Reduction Act Statement

According to the Paperwork Reduction Act of 1995 (Pub. L. 104-13) (PRA), no persons are required to respond to a collection of information unless such collection displays a valid Office of Management and Budget (OMB) control number. The Department notes that a Federal agency cannot conduct or sponsor a collection of information unless it is approved by OMB under the PRA, and displays a currently valid OMB control number, and the public is not required to respond to a collection of information unless it displays a currently valid OMB control number. See 44 U.S.C. 3507. Also, notwithstanding any other provisions of law, no person shall be subject to penalty for failing to comply with a collection of information if the collection of information does not display a currently valid OMB control number. See 44 U.S.C. 3512.

The public reporting burden for this collection of information is estimated to average approximately seven minutes per respondent. Interested parties are encouraged to send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Labor, Employee Benefits Security Administration, Office of Policy and Research, Attention: PRA Clearance Officer, 200 Constitution Avenue, N.W., Room N-5718, Washington, DC 20210 or email [ebsa.opr@dol.gov](mailto:ebsa.opr@dol.gov) and reference the OMB Control Number 1210-0137.

OMB Control Number 1210-0137 (expires 1/31/2026)
